Adding Bookmarklet

The Cloud Dial bookmarklet allows you to add pages to Cloud Dial directly from that page. To add the bookmarklet drag this image to your bookmarks bar.

Upon completion the bookmarklet will appear your browser's bookmarks bar. Click this on any page to add that page to Cloud Dial.
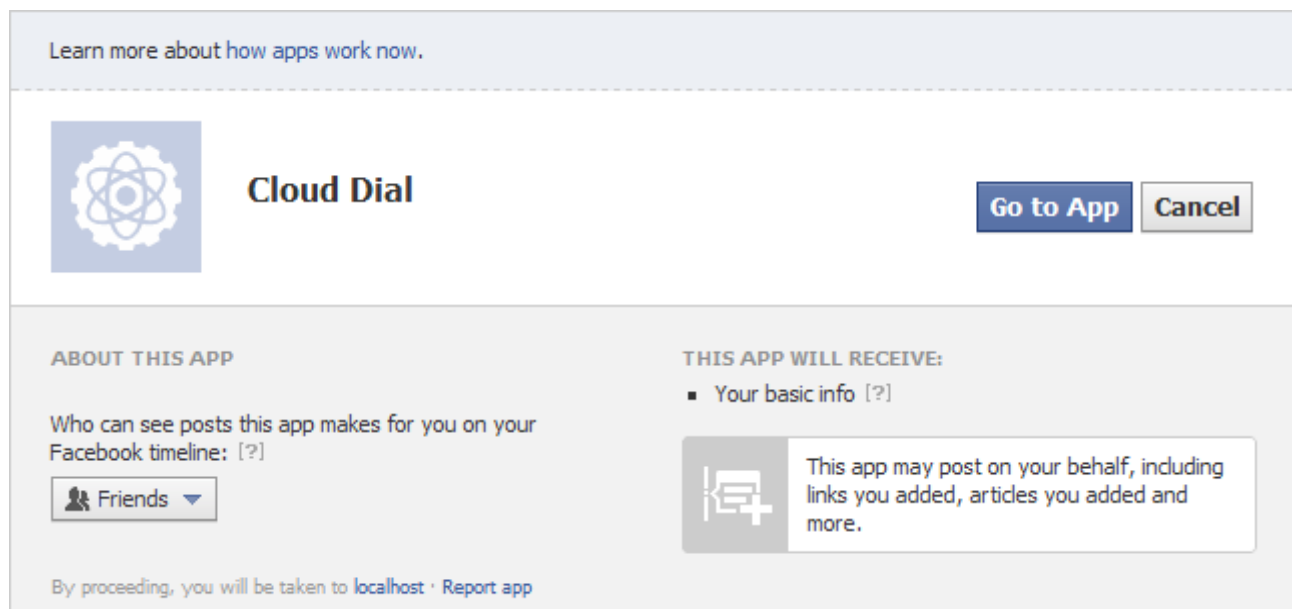

Browser: Chrome, Website: http://www.youtube.com

Creating Account

To create a Cloud Dial account click "Connect with Facebook"

Facebook will prompt you to accept Cloud Dial. Cloud Dial will have access to your basic information and can post bookmark additions on your profile page. If that is not an issue click "Go to App".

Upon completion you are presented with an empty account page.

Browser: Chrome, Website: http://www.youtube.com

Adding Bookmark

To add a bookmark you have to options. You can click the addition symbol on your account page which will prompt you for the bookmark URL -

Or you can click Cloud Dial's bookmarklet on any page. Both will launch the bookmark addition screen with the page's information populated, and suggestions from Cloud Dial.

Selecting Image

You can select an image to represent your bookmark. To select one of the suggested images click on the appropriate image. This will cause it to appear in the selected image

Browser: Chrome, Website: http://www.youtube.com

location, and it's URL to populate the image URL field.

To select an external image paste its URL in the image URL field. This will show your selected image in the chosen image location.

To use no image simply clear the image URL field.

Browser: Chrome, Website: http://www.youtube.com

Selecting tags

Tags are used to describe the domain of the bookmarks. You can either select from the suggested bookmarks, or enter your own.

To select from the suggested tags simply click the appropriate tag. This will add the tag to the tags field.

Tags

Changing Description
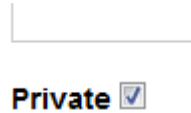

Cloud suggests a bookmark description for you. If you wish to change it simply make editions to the description field.
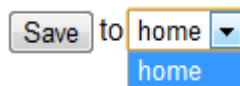

Description

Youtube - Broadcast yourself!

Browser: Chrome, Website: http://www.youtube.com

Choosing Privary Option

Bookmarks are either public or private. If you wish to make your bookmark private simply check the privacy option.
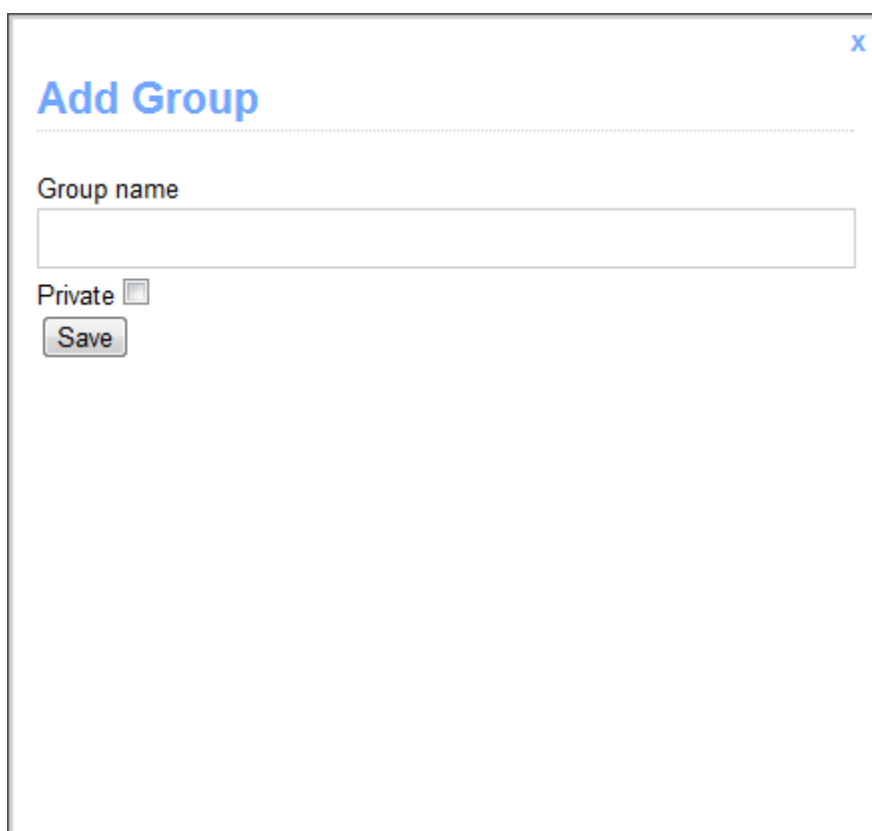

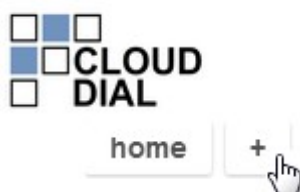

Private ☑

Selecting Group

Cloud Dial attempts to calculate what group your bookmark should be added to. If you're not happy with its decision you can select a different group from the drop down menu. If you have not created any other groups you will not have any choice.

Save to home ▼
home

Upon completetion click save and the addition screen will close.
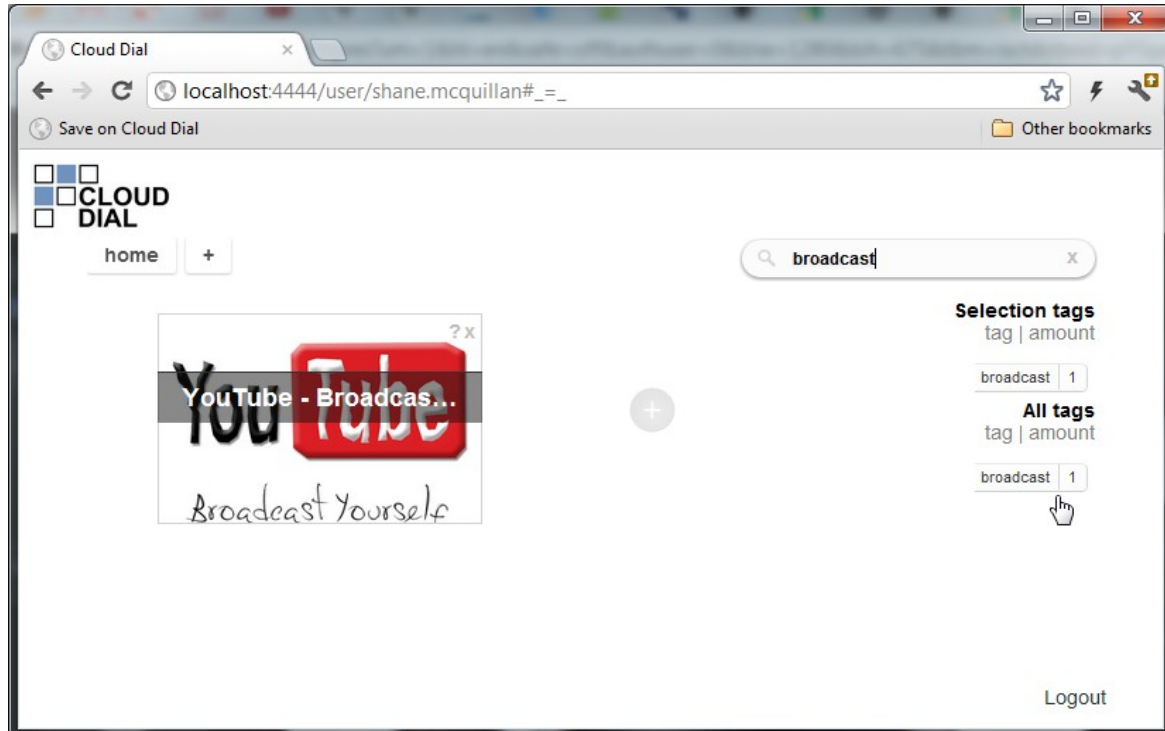

Browser: Chrome, Website: http://www.youtube.com

Adding Group
